

4 WAYS TO ELEVATE YOUR PROFILE ON DEVEX

KEEP YOUR CV CURRENT

Profiles with a CV attached get more views than those that don't, so uploading your current CV will further increase the frequency of matches when a recruiter performs a search.

1

INCLUDE RELEVANT KEYWORDS

A detailed yet succinct professional summary should be included using keywords related to countries of experience, funders or donors you've worked with, or other attributes recruiters often search for.

2

REMEMBER SEARCH FILTERS

Location, years of experience, languages or citizenship are among some of the most common search filters a recruiter will apply when looking for relevant candidates and should be prioritized on the profile.

3

USE A STRATEGIC HEADLINE

Your headline, which is often the first thing a recruiter will see on a profile, should make it easy for a recruiter to understand who you are and what expertise you can offer.

4

EXPLORE MORE ADVICE

Devex's Kate Warren talks through the main ingredients of a standout profile and shares tips to help you rank higher in recruiter searches.
