

Youth Will.

GLOBALIZATION IS RESHAPING THE LIVES OF YOUNG PEOPLE WORLDWIDE.

How can we empower youth today and in the future?

Devex and our partners are launching a new campaign called Youth Will on March 3. Join us for this interactive online conversation that celebrates the power of youth to change the world.

For one month, we're going to dig into the top issues facing young people today by touching on four important themes on how 'youth will':

EMBRACE LEARNING

How can youth be empowered through education? How do we create learning environments and opportunities that prepare youth for real-life challenges?

BUILD PEACE

A generation that is raised in conflict presents an opportunity for either sustained violence or action towards a more peaceful society. How can youth become drivers of peace?

CREATE OPPORTUNITY

How are we preparing today's youth to enter the workforce? How do we encourage lifelong career development and aspirations?

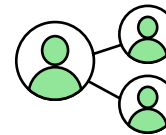

LEAD TOMORROW

How can the global development community prepare future leaders, and how can youth be encouraged to take action to build their communities and beyond?
